Dear CAFTR Steering Group and members

The COST Action TREATme has come to an end. However, the sustainability is strengthened by the fact that a formal collaboration with the special section CAFTR, SPR is established. We are grateful to CAFTR for establishing a formal collaboration by inviteing one Core Group member from TREATme to be a member of the steering committee in CAFTR. This is a good frame for future activities.

We wish you all the best for the holiday and the New Year!

Randi Ulberg (Chair), Vera Gergov (Vice Chair), and Julian Edbrooke-Childs (TREATme representtive in CAFTR steering group)
