

VIRTUAL SYMPOSIUM SERIES

Beyond Giving Voice

Advancing theory and methodologies for qualitative research with children

Join us for Beyond Giving Voice - a series of three virtual symposiums
3:00 to 5:00 pm EDT on JUNE 4, 9, & 11, 2020

Webinars will feature live presentations followed by opportunities for audience dialogue as we explore theoretical, methodological and ethical implications of claims to be 'giving voice' to children through research. Presentations will focus on research with young people but will be relevant to the design and conduct of qualitative methodologies with other populations.
